## 1. THE GREAT AUSTRALIAN BEER GUIDE

Do you know your porters from your pales and your stouts from your saisons? Or do you think dubbels and tripels are just spelling mistakes? Regardless of how much you know about beer or what you like to drink, *The Great Australian Beer Guide* is sure to have something to please your palate. Whether you're looking for something familiar or wanting to expand your beer horizons, join beer expert James Smith (of *The Crafty Pint* and founder of Good Beer Week) in his never-ending quest to discover Australia's best breweries and beers.

**RRP: \$29.99**

## 3. PORTABLE SOFT COOLER

The IceMule is a highly portable soft cooler that keeps ice for up to 24 hours without leaking. It rolls up in its own mesh stuff sack, is waterproof and even floats. It is the best way to make sure you have cold beer no matter where you are headed. Already popular in the US, the IceMule is now available in Australia and New Zealand.

The IceMule Classic model comes in three sizes (10L, 15L & 20L), RRP: \$79.95-\$119.95

The IceMule Pro model (larger and with full backpack carry system) comes in three sizes (20L, 30L & 40L), RRP: \$149.95-\$189.95
